

1. Record Nr.	UNINA9910683377503321
Titolo	Biotechnology Applications of Microalgae // edited by Carlos Almeida
Pubbl/distr/stampa	Basel, Switzerland : , : MDPI - Multidisciplinary Digital Publishing Institute, , 2023
ISBN	3-0365-6773-9
Descrizione fisica	1 online resource (338 pages)
Disciplina	660.6
Soggetti	Microalgae - Biotechnology Microalgae - Industrial applications
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This Special Issue, "Biotechnology Applications of Microalgae", is focused on the latest novel advances related to the production of different bioactive compounds from microalgae and their biotechnological use.
