

1. Record Nr.	UNINA9910683390003321
Titolo	Nanomaterials for Drug Delivery and Cancer Therapy // edited by Fiore P. Nicoletta, Francesca Iemma
Pubbl/distr/stampa	Basel, Switzerland : , : MDPI - Multidisciplinary Digital Publishing Institute, , 2023
ISBN	3-0365-6702-X
Descrizione fisica	1 online resource (236 pages)
Disciplina	620.115
Soggetti	Nanostructured materials Nanocomposites (Materials)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This reprint of "Nanomaterials for Drug Delivery and Cancer Therapy" covers the recent advances in the use of nanoparticle systems, with an emphasis on preparation and characterization methods, functionalization chemistry, and their associated applications in drug delivery and cancer therapy.
