Leadership and Followership -- Chapter 7. Authenticity as life-story -- Chapter 8. The Narrative Turn and Multiple Selves -- Chapter 9. Creativity -- Chapter 10. Cosmopolitan Spirit -- Index.
Sommario/riassunto	This book uncovers the roots of authentic leadership through a detailed analysis of how philosophy and psychology are relevant for understanding leadership. It reinscribes virtue and integrity into leadership studies by way of key concepts which include; identity-formation, the narrative self, the importance of decision-making, and the philosophy of creativity. In an era when leadership integrity has come under serious attack from authoritarian leadership, and left and right-wing extremism, the 'Philosophy of Authentic Leadership' opposes all such forms by arguing for the pursuit of the common good, democratic rights, civic freedoms, and cosmopolitanism. This is a work of interest to students of leadership and political scientists alike.
