

1. Record Nr.	UNINA9910688184403321
Titolo	Sarcoidosis : new perspectives / / Seyyed Shamsadin Athari, Entezar Mehrabi Nasab, editors
Pubbl/distr/stampa	London : , : IntechOpen, , 2022
Descrizione fisica	1 online resource (66 pages)
Disciplina	616.079
Soggetti	Immunology Communicable diseases
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Many people worldwide suffer from sarcoidosis, which can be cured or controlled via immune system modulation and immunotherapy. This book presents a comprehensive overview of sarcoidosis and related aspects. It discusses the cell signaling pathways and molecular mechanisms involved in sarcoidosis as well as pathophysiology, diagnosis, management, and treatment of the disease.
