Pubbl/distr/stampa	London : , : IntechOpen, , [2022]
Descrizione fisica	1 online resource (164 pages)
Disciplina	618.1
Soggetti	Endometriosis Endometriosis - Alternative treatment
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Endometriosis is a common and serious disease that is estimated to cost the world economy \$9.7 billion a year. Most of these costs come from lost productivity at work. As such, it is important to help women receive earlier diagnosis and more effective treatment. This book presents a comprehensive overview of endometriosis, including information on molecular diagnostics and imaging methods for early detection as well as new, less-invasive treatments that preserve women's fertility.
