

1. Record Nr.	UNINA9910688414603321
Titolo	Underwater work // edited by Sergio Antonio Neves Lousada
Pubbl/distr/stampa	London : , : IntechOpen, , [2021] ©2021
Descrizione fisica	1 online resource (88 pages) : illustrations
Disciplina	620.4162
Soggetti	Ocean engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	Underwater work is work done underwater, generally by divers during diving operations. It also includes work done underwater by remotely operated vehicles (ROVs) and manned submersibles. The versatility and multifarious skills of underwater work mean that it is possible to operate over a wide range of activities, working in hyperbaric conditions or in confined spaces. This book exposes and discusses the inner workings of underwater work along with its challenges and opportunities.
