

1. Record Nr.	UNINA9910688468503321
Autore	Morales-Montor Jorge
Titolo	Current State of the Art in Cysticercosis and Neurocysticercosis // Jorge Morales-Montor, Abraham Landa, Luis Ignacio Terrazas
Pubbl/distr/stampa	London : , : IntechOpen, , 2021
Descrizione fisica	1 online resource (148 pages)
Disciplina	616.964
Soggetti	Cysticercosis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This book provides updated information to scientists and clinicians on taeniosis/cysticercosis, a parasitic infection caused by eating undercooked beef or pork that is a serious health and veterinary problem in many developing countries. It discusses incidence, risk factors, diagnosis, immunology, symptoms, rare manifestations, and advances in treatment including vaccination and novel drug therapies.
