Sommario/riassunto	This volume is the offspring of friendship, respect and commitment between two academic communities that admittedly have a lot in common, especially with regard to philosophy, and hopefully as many differences as needed in order to secure a long-lasting and fertile exchange of ideas; it is also the natural-born child of necessity: philosophy is about argumentation, debate and confrontation. Thinking in Action inaugurates Hellenic-Serbian Philosophical Dialogue Series that entertains no hesitation in being as ambitious as any philosophical series could be: it seeks to establish a permanent, wide and rich channel of fruitful philosophical interaction between the two philosophical communities.
