

1. Record Nr.	UNINA9910688596603321
Titolo	Biotechnology and Bioengineering // edited by Eduardo Jacob -Lopes, Leila Queiroz Zepka
Pubbl/distr/stampa	London, England : , : IntechOpen, , 2019
Descrizione fisica	1 online resource (188 pages)
Disciplina	660.6
Soggetti	Biotechnology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Biotechnology and Bioengineering presents the most up-to-date research on biobased technologies. It is designed to help scientists and researchers deepen their knowledge in this critical knowledge field. This solid resource brings together multidisciplinary research, development, and innovation for a wide study of Biotechnology and Bioengineering.
