Note generali	"The Industry, trade, and technology review (ITTR)--is a quarterly staff publication of the Office of Industries ... The reports are intended to provide analysis of important issues and insights into the global position of U.S. industries, the technological competitiveness of the United States, and implications of trade and policy developments ... The download file for each report is a self-extracting executable file." Recent issues are available as .pdf files. Earlier issues are available in WordPerfect 6.1 formatting executable file.
