Note generali	"November 2001." Author: Tracy Fuller. Caption title. Shipping list no.: 2002-00714.
Sommario/riassunto	The National Map is a collaborative effort among the USGS and other Federal, State, and local partners to improve and deliver topographic information for the Nation. It has many uses ranging from recreation to scientific analysis to emergency response. It provides links to USGS Fact Sheets, information products, news releases, standards, and other information about maps and mapping.
