Note generali	Title from title screen (viewed Oct. 1, 2003). "Trans-NIH Sleep Research Coordinating Committee"--Added. t.p. Comprehensive revision of the 1996 plan. "July 2003"--Added. t.p. Includes index.
Sommario/riassunto	Summarizes the dramatic expansion in interdisciplinary sleep-related research and resulting new knowledge achieved since the original 1996 plan. The sleep research recommendations should serve as a valuable stimulus and guide to researchers in many disciplines for prioritizing and planning future research directions that will lead to expanding knowledge of the inter-relationships between sleep, health maintenance, and disease prevention.
