Lingua di pubblicazione	Inglese
Formato	Audiolibro
Livello bibliografico	Monografia
Note generali	Audio files in MP3 format available in both streaming and downloadable options. "Initially ... podcasts will be targeted toward the owners and operators

of small and very small meat, poultry and processed egg products establishments, since these plants represent over 90% of the total number that FSIS inspects every day ... [Later] others [will be] targeted to consumers and the general public"--Introd. to FSIS Podcasts (Apr. 20, 2009).

Audio podcasts each are accompanied by transcript in HTML format.

Sommario/riassunto

A collection of audio podcasts that convey U.S. standards and recommended practices for food safety, food handling, and food inspections that comport with regulations for which the USDA Food Safety and Inspection Service (FSIS) has oversight authority.
