Sommario/riassunto

How does one assess community service, civic engagement, and the impact of service learning on a college campus? This volume reviews contemporary research, measurement instruments, and practices in the assessment of civic engagement in higher education, including: meta-analyses of students, faculty, institutions, and higher education systems at-large, targeted case studies of campus-specific practices at individual institutions, efficient and effective ways to gauge the influence of civic engagement on higher education policy, practices, and outcomes, and quantitative and qualitative approaches to measure
