Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed Sept. 12, 2008).
Nota di bibliografia	Includes bibliographical references (pages 66-70).
Sommario/riassunto	This guide is the result of efforts by the U.S. Department of the Interior (DOI) Adaptive Management Working Group (AMWG) to develop protocols and information products for the application of adaptive management within DOI. The purpose of this technical guide is to present an operational definition of adaptive management, identify the conditions in which adaptive management should be considered, and describe the process of using adaptive management for managing natural resources.
