Autore	Ramon y Cajal Santiago <1852-1934>
Titolo	Advice for a young investigator / / Santiago Ramon y Cajal ; translated by Neely Swanson and Larry W. Swanson
Pubbl/distr/stampa	Cambridge, Mass, : MIT Press, [1999]
ISBN	0-262-28206-2 0-585-03241-6
Descrizione fisica	150 pages
Disciplina	507.2
Soggetti	Research Scientists Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"A Bradford book."
Nota di bibliografia	Includes bibliographical references (p. x-xi).
Sommario/riassunto	An anecdotal guide for the perplexed new investigator as well as a refreshing resource for the old pro, covering everything from valuable personality traits for an investigator to social factors conducive to scientific work. Santiago Ramon y Cajal was a mythic figure in science. Hailed as the father of modern anatomy and neurobiology, he was largely responsible for the modern conception of the brain. His groundbreaking works were <i>New Ideas on the Structure of the Nervous System</i> and <i>Histology of the Nervous System in Man and Vertebrates</i> . In addition to leaving a legacy of unparalleled scientific research, Cajal sought to educate the novice scientist about how science was done and how he thought it should be done. This recently rediscovered classic, first published in 1897, is an anecdotal guide for the perplexed new investigator as well as a refreshing resource for the old pro. Cajal was a pragmatist, aware of the pitfalls of being too idealistic--and he had a sense of humor, particularly evident in his diagnoses of various stereotypes of eccentric scientists. The book covers everything from valuable personality traits for an investigator to social factors conducive to scientific work.

2. Record Nr.	UNINA9910694494003321
Titolo	Land-use issues associated with onshore oil and gas leasing and development : joint oversight hearing before Subcommittee on National Parks, Forests, and Public Lands, joint with the Subcommittee on Energy and Mineral Resources of the Committee on Natural Resources, U.S. House of Representatives, One Hundred Tenth Congress, first session, Thursday, April 26, 2007
