

1. Record Nr.	UNINA9910695173603321
Titolo	Interference potential of ultrawideband signals . Part 1 Procedures to characterize ultrawideband emissions and measure interference susceptibility of C-band satellite digital television receivers [[electronic resource] /] / Michael Cotton ... [and others]
Pubbl/distr/stampa	[Washington, D.C.] : , : [National Telecommunications and Information Administration], , [2005]
Descrizione fisica	vi, 73 pages : digital, PDF file
Collana	NTIA report ; ; 05-419
Altri autori (Persone)	CottonMichael
Soggetti	Electromagnetic interference Ultra-wideband devices
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on June 20, 2006). "February 2005."
Nota di bibliografia	Includes bibliographical references.
