

1. Record Nr.	UNINA9910695195103321
Titolo	Innovative technology verification report [[electronic resource] ] : XRF technologies for measuring trace elements in soil and sediment-- Innov-X XT400 Series XRF Analyzer
Pubbl/distr/stampa	[Washington, D.C.] : , : United States Environmental Protection Agency, Office of Research and Development, , [2006]
Descrizione fisica	208 pages : digital, PDF file
Soggetti	Soil pollution - Measurement - Technological innovations - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on June 06, 2006). "February 2006." "EPA/540/R-06/002."
Nota di bibliografia	Includes bibliographical references.
