1. Record Nr.   UNINA9910695297903321

   Autore   Stoneburner Gary

   Titolo   Engineering principles for information technology security (a baseline
                        for achieving security), revision A [[electronic resource]] :
                        recommendations of the National Institute of Standards and Technology
                        / / Gary Stoneburner, Clark Hayden, and Alexis Feringa

   Pubbl/distr/stampa   Gaithersburg, MD : , : U.S. Dept. of Commerce, Technology
                        Administration, National Institute of Standards and Technology, ,
                        [2004]

   Edizione   [Rev.]

   Descrizione fisica   1 volume (various pagings) : digital, PDF file

   Collana   NIST special publication ; ; 800-27 Rev A. Computer security

   Altri autori (Persone)   HaydenClark
                            FeringaAlexis

   Soggetti   Federal government - Computer networks - Security measures - United
                        States
                        Computer engineering - Standards - United States

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Note generali   Title from title screen (viewed on July 24, 2006).
                        "Booz-Allen and Hamilton."
                        "June 2004."
