W. Bush's War against Iraq on Trial; 5 President Clinton's Invasion of Haiti on Trial and the Laws of War; 6 President George W. Bush's War against Iraq on Trial; Conclusion; Index
Sommario/riassunto	In this compelling book, distinguished activist lawyer Francis Boyle sounds an impassioned clarion call to citizen action against Bush administration policies both domestic and international. Boyle, who has spent his career defending civil resisters, offers the only guide available on how to use international law, constitutional law, and the laws of war to defend peaceful non-violent protesters against governmental policies that are illegal and criminal. He focuses especially on the aftermath of 9/11 and the implications of the war on Afghanistan, the war on terrorism, the war on Iraq, the doc

Sommario/riassunto	This publication is a comprehensive bibliography documenting US Department of Agriculture funded research into various aspects of induced molting in laying hens and world literature on induced molting of laying hens. Topics covered include salmonella, poultry welfare, management strategies for inducing a molt, economics of molting, and physiological consequences of induced molting. Numerous websites with full-text animal welfare guidelines from industry, scientific articles from poultry researchers, and position papers from professional societies are included.
