Sommario/riassunto	This is the third volume of <i>Babel &amp; Bibel</i> , an annual of ancient Near Eastern, Old Testament, and Semitic studies. The principal goal of the annual is to reveal the inherent relationship between Assyriology, Semitics, and biblical studies—a relationship that our predecessors comprehended and fruitfully explored but that is often neglected today. The title <i>Babel &amp; Bibel</i> is intended to point to the possibility of fruitful collaboration among the three disciplines, in an effort to explore the various civilizations of the ancient Near East. The tripartite division of <i>Babel &amp; Bibel</i> corresponds to its three principal spheres of interest: ancient Near Eastern, Old Testament, and Semitic studies. Contributions are further subdivided into articles, short notes, and reviews.

Sommario/riassunto	This book constitutes the proceedings of the International Workshop on Shape in Medical Imaging, ShapeMI 2024, which took place in Marrakesh, Morocco, on October 6, 2024, held in conjunction with MICCAI 2024. The 16 full papers included in this book were carefully reviewed and selected from 24 submissions. They focus on shape and spectral analysis, geometric learning and modeling algorithms, and application-driven research.

Sommario/riassunto	Laura Vivanco's study challenges the idea that Harlequin Mills & Boon romances are merely mass-produced commodities, churned out in

accordance with a strict and unchanging formula. She argues that many are well-written, skilfully crafted works, and that some are small masterpieces. For Love and Money demonstrates the variety that exists beneath the covers of Harlequin Mills & Boon romances. They range from paranormal romances to novels resembling chick lit, and many have addressed serious issues, including the plight of post-Second World War refugees, threats to marine mammals, and HIV/AIDS. The genre draws inspiration from Shakespearean comedies and Austen's novels, as well as from other forms of popular culture. "Laura Vivanco's For Love and Money is an impressive study of the popular fiction of Harlequin Mills and Boon that is a must read for any student of popular fiction and for those who write and love the genre" - Liz Fielding, author of over 50 Harlequin Mills & Boon romances.
