ISBN	1-943767-83-1
Descrizione fisica	: ill
Soggetti	Trinity Skepticism
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>The book is for skeptics and Christians. About the book: #Holy Trinity - A Tweet-a-logue is a tweet format discussion of the Trinity between a skeptic and a Trinitarian. Christians shy away from the doctrine because of its seeming complexity. Yet it is the most fundamental truth of their faith and of reality. It tells us what God is like, why we live, how to be happy. Rightly understood it makes sense of our everyday experience and the experience of humanity. The book asks and addresses tough questions: is the doctrine contradictory? what about science? evil and suffering? Incredibly, we see precursors of the truth in the three kinds of pre-Christian religions: the cyclic-mystical of India, the unity-in-multiplicity of China and the historical-linear of Israel. In the end, it is only because of the Trinity that we can truly say that love is the ultimate reality.</p>
