

1. Record Nr.	UNINA9910696924403321
Autore	Tian Jialin
Titolo	An amplitude-based estimation method for International Space Station (ISS) leak detection and localization using acoustic sensor networks [[electronic resource] /] / Jialin Tian and Eric I. Madaras
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [2009]
Descrizione fisica	1 online resource (23 pages) : illustrations
Collana	NASA TM- ; ; 2009-215948
Altri autori (Persone)	MadarasEric I (Eric Irvine)
Soggetti	Signal detectors Sound detecting and ranging Leakage Acoustic emission International Space Station Signal transmission Sound generators Sound waves
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on June 7, 2010). "November 2009."
Nota di bibliografia	Includes bibliographical references (pages 22-23).
