

1. Record Nr.	UNINA9910697482503321
Autore	Heimann David C
Titolo	Numerical simulation of streamflow distribution, sediment transport, and sediment deposition along Long Branch Creek in Northeast Missouri [[electronic resource] /] / by David C. Heimann ; prepared in cooperation with the Missouri Department of Conservation
Pubbl/distr/stampa	[Rolla, Mo.] : , : U.S. Dept. of the Interior, U.S. Geological Survey, , [2001?]
Descrizione fisica	1 electronic text, (vi, 61 pages) : HTML, digital, PDF file
Collana	Water-resources investigations report ; ; 01-4269
Soggetti	Streamflow - Missouri - Long Branch Creek - Mathematical models Sediment transport - Missouri - Long Branch Creek - Mathematical models Sedimentation and deposition - Missouri - Long Branch Creek - Mathematical models
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed Aug. 25, 2008).
