Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed Sept. 23, 2008). "February 2006."
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	This Statistical Brief uses data from the Household Component of the Medical Expenditure Panel Survey (MEPS-HC) for 2003 to examine receipt of annual flu shots for adults 18 or older in the U.S. civilian noninstitutional population. The brief compares the percentages of persons getting an annual flu shot by various demographic characteristics and health status.
