

1. Record Nr.	UNINA9910697740303321
Titolo	Brownfields technology primer [[electronic resource] ] : vapor intrusion considerations for redevelopment / / U.S. Environmental Protection Agency, Office of Solid Waste and Emergency Response, Brownfields and Land Revitalization Technology Support Center
Pubbl/distr/stampa	Washington DC : , : U.S. Environmental Protection Agency, Office of Solid Waste and Emergency Response, Brownfields and Land Revitalization Technology Support Center, , [2008]
Descrizione fisica	iii, 43 pages : digital, PDF file
Soggetti	Air - Pollution - Measurement Indoor air pollution - Measurement Soil pollution - Measurement Vapors Hazardous waste sites - United States Industrial real estate - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Oct. 30, 2008). "March 2008." "EPA 542-R-08-001."
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	This primer is designed for land revitalization stakeholders concerned about vapor intrusion, including property owners, municipalities, and real estate developers. It provides an overview of the vapor intrusion issue and how it can affect redevelopment. It also summarizes techniques for quickly and cost effectively assessing the potential for vapor intrusion, as well as techniques for mitigating it. The topics covered will familiarize stakeholders with options for addressing vapor intrusion to help them communicate with their project contractors and consultants.
