<b>Note generali</b>	Description based upon print version of record.
<b>Sommario/riassunto</b>	Interpretation in/of the Seventeenth Century explores interpretation according to, and by, the seventeenth century, namely how intellectuals and officials conceived of interpretation, and how they read their world and its relationship to the past, and of the seventeenth century. As such, the volume examines both temporal relationships, such as current interpretations of the seventeenth century or interpretation of itself and the past by the seventeenth century, and transversal relations, including practices of reading, crossings from one genre to another, and translation. The comparative
