

1. Record Nr.	UNINA9910697880903321
Autore	Lany Stephan
Titolo	Intrinsic DX centers in ternary chalcopyrite semiconductors [[electronic resource]] : "why metastable intrinsic defects cause open-circuit-voltage limitation and how they can be avoided" // Stephan Lany and Alex Zunger
Pubbl/distr/stampa	[Golden, Colo.] : , : National Renewable Energy Laboratory, , [2008?]
Descrizione fisica	13 unnumbered pages : digital, PDF file
Collana	NREL/PR ; ; 590-43272
Altri autori (Persone)	ZungerAlex
Soggetti	Chalcopyrite Semiconductors
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Mar. 25, 2009). "Presented at the 33rd IEEE Photovoltaic Specialist Conference held May 11-16, 2008 in San Diego, California."
Nota di bibliografia	Includes bibliographical references.
