

1. Record Nr.	UNINA9910697914903321
Autore	Murthy P. L. N
Titolo	Metal matrix composite micromechanics [[electronic resource]] : in-situ behavior influence on composite properties / / P.L.N. Murthy, D.A. Hopkins, and C.C. Chamis
Pubbl/distr/stampa	[Washington, D.C.] : , : National Aeronautics and Space Administration, , [1989]
Descrizione fisica	i, 18 pages : digital, PDF file
Collana	NASA technical memorandum ; ; 102302
Altri autori (Persone)	HopkinsDale A ChamisC. C (Christos C.)
Soggetti	Computer programs Fibers Matrix materials Mechanical properties Metal matrix composites Micromechanics Nonlinearity Stress-strain relationships
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
