

1. Record Nr.	UNINA9910698314403321
Autore	Schreck S
Titolo	Wind turbine blade flow fields and prospects for active aerodynamic control [[electronic resource]] : preprint / / S. Schreck and M. Robinson
Pubbl/distr/stampa	Golden, CO : , : National Renewable Energy Laboratory, , [2007]
Descrizione fisica	12 pages : digital, PDF file
Collana	NREL/CP ; ; 500-41606
Altri autori (Persone)	RobinsonM
Soggetti	Wind turbines - Testing Wind power - Research Aerodynamic load - Computer simulation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Mar. 21, 2008). "August 2007." "To be presented at the ASME 2007 Fluids Engineering Division Summer Meeting, San Diego, California, July 30-August 2, 2007."
