

1. Record Nr.	UNINA9910698324903321
Titolo	Analysis of buoyancy-driven ventilation of hydrogen from buildings [[electronic resource]] : preprint / / C.D. Barley ... [and others]
Pubbl/distr/stampa	Golden, Colo. : , : National Renewable Energy Laboratory, , [2007]
Descrizione fisica	14 pages : digital, PDF file
Collana	NREL/CP ; ; 550-41081
Altri autori (Persone)	BarleyC. D
Soggetti	Hydrogen - Safety measures Dwellings - Heating and ventilation Indoor air pollution - Research
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Mar. 26, 2008). "August 2007." "To be presented at the 2nd International Conference on Hydrogen Safety, San Sebastian, Spain, September 11-13, 2007."
