| Sommario/riassunto      | <div>Construction workers, plumbers, gardeners or any hard working man with a tool belt play a part in many gay male fantasies. In this steamy collection we take a ride to the top of a high rise under construction for a precarious steel beam encounter, go down in the belly of a dark steamy mine, hang out with some hunky sweaty landscapers and slip into the construction manager's office for a quickie. Wherever we go, you'll find sexy, men loving men who are turned on by more than their buddies' tools, in this world the hats are                                                                                                                                                                 |
