

1. Record Nr.	UNINA9910698374803321
Autore	Green J
Titolo	225-kW dynamometer for testing small wind turbine components [[electronic resource] ] : preprint // J. Green
Pubbl/distr/stampa	Golden, CO : , : National Renewable Energy Laboratory, , [2006]
Descrizione fisica	7 pages : digital, PDF file
Collana	Conference paper ; ; NREL/CP-500-40070
Soggetti	Wind turbines - Testing Dynamometer - Design and construction Wind power - Research
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"June 2006." "To be presented at the American Wind Energy Association's WindPower 2006 Conference, Pittsburgh, Pennsylvania, June 4-7, 2006." Title from title screen (viewed on Sept. 10, 2007).
