Nota di contenuto	A brief history of the Army's professional ethic -- The Army's professional ethic : the present -- The case for a professional military ethic -- The Army officer's professional ethic.
Sommario/riassunto	"This monograph surveys the history of the Army's professional ethic, focusing primarily on the Army officer corps. It assesses today's strategic, professional, and ethical environment. Then it argues that a clear statement of the Army officers' professional ethic is especially necessary in a time when the Army is stretched and stressed as an institution. The Army officer corps has both a need and an opportunity to better define itself as a profession, forthrightly to articulate its professional ethic, and clearly to codify what it means to be a military professional."--Summary.
