1. Record Nr. UNINA9910698684303321

Titolo	Attention deficit hyperactivity disorder (ADHD) / / Stuart M. Gordon and Aileen E. Mitchell, editors
Pubbl/distr/stampa	New York, : Nova Biomedical Books, c2009
ISBN	1-60876-699-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (335 p.)
Collana	Psychiatry- theory, applications, and treatments series
Altri autori (Persone)	GordonStuart M MitchellAileen E
Disciplina	618.92/8589
Soggetti	Attention-deficit hyperactivity disorder Children with attention-deficit hyperactivity disorder
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	""Attention Deficit Hyperactivity Disorder (ADHD)""; ""Contents""; ""Preface ""; ""Psychostimulant-Induced Developmental Neuroadaptation: Implications for the Treatment of ADHD""; ""Abstract ""; ""1. Introduction ""; ""2. Dopamine Signaling Pathways and Neuroadaptation ""; ""3. Developmental Neurochemistry ""; ""4. Stimulanta€?Induced Modification of Immediate Early Gene (IEG) Expression in the Developing Brain ""; ""5. Stimulant- Induced Changes in Effector Immediate Early Genes: Arc and Bdnf ""; ""6. Stimulant-Induced Modification of Chromatin "" ""7. Stimulant-Induced Changes in Peptides, Neurotransmitters and Transporters """"8. Behavioral Paradigms of Reinforcing or Aversive Properties of Stimulants: Enduring Effects in Adulthood ""; ""9. Conclusion ""; ""Acknowledgments ""; ""References ""; ""ADHD and Dysthymic Disorder in Children and Adolescents: Recent Insights From Cognitive Neuroscience And Functional Magnetic Resonance Imaging ""; ""Introduction ""; ""Study One ""; ""Method ""; ""Results""; ""Discussion ""; ""Method ""; ""Results ""; ""Discussion ""; ""Conclusion ""; ""Study Two ""; ""Method ""; ""Results "" ""Discussion""""Integration and Implications of these Findings ""; ""References ""; ""Modeling the Mesocortical Variant of ADHD: The Naples High Excitability Rats ""; ""Abstract ""; ""Introduction""; ""Behavioural Profile ""; ""Associative Tasks ""; ""Selective Breeding "";

""Differential Functional State of Da Branches in Naples Lines ""; ""Response of Dopamine to Drug Treatment""; ""Excitatory Amino Acid Distribution in NHE Forebrain ""; ""Involvement of Nitric Oxide ""; ""Conclusion ""; ""Acknowledgments ""; ""References ""
""Major Candidate Gene Study on Eastern Indian Indo-Caucasoid Attention Deficit Hyperactivity Disorder Probands""""""Abstract ""; ""Introduction ""; ""Materials and Methods ""; ""Results ""; ""Discussion ""; ""Inference ""; ""References ""; ""Coercive Processes and Child Vagal Tone in Families of Preschoolers with Attention-Deficit/Hyperactivity Disorder ""; ""Abstract ""; ""Method""; ""Participants ""; ""Measures ""; ""Task ""; ""Results ""; ""Discussion""; ""Conclusions ""; ""Acknowledgment ""; ""References""
""A Review of the Dopamine System in the Animal Models of Attention-Deficit Hyperactivity Disorder """""Abstract ""; ""1.1. Introduction ""; ""1.2. Animal Models of Attention-Deficit Hyperactivity Disorder ""; ""1.3. Dopamine System and Attention-Deficit Hyperactivity Disorder ""; ""1.4. Synaptogenesis Hypotheses in ADHD ""; ""1.5. Summary ""; ""References""; ""Homeopathic Treatment of Children with Attention Deficit Hyperactivity Disorder: Results of a Long-Term Study over 5 Years, Including a Randomized, Double-Blind Placebo Controlled Crossover Trial [1,2,3,4] ""; ""Abstract""
