   Livello bibliografico Monografia

   Note generali   Title from title screen (viewed on Apr. 28, 2009).
                      "This Working paper examines the security environment in Afghanistan,
                      assesses the programs put in place to address these threats, identifies
                      existing gaps, and offers possible solutions. The report was vetted by
                      top experts on Afghanistan in an extensive review process."
                      "January 23, 2009."

   Nota di bibliografia Includes bibliographic references (pages [34]-37).
