

1. Record Nr.	UNINA9910698863703321
Titolo	Nanotechnology [[electronic resource] ] : better guidance is needed to ensure accurate reporting of federal research focused on environmental, health, and safety risks : report to congressional requesters // United States Government Accountability Office
Pubbl/distr/stampa	[Washington, D.C.] : , : U.S. Govt. Accountability Office, , [2008]
Descrizione fisica	iii, 37 pages : digital, PDF file
Soggetti	Nanotechnology - Government policy - United States Nanotechnology - Research - United States Science and state - United States Administrative agencies - Research - Evaluation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Apr. 25, 2008). "March 2008." Paper version available from: U.S. Govt. Accountability Office, 441 G St., NW, Rm. LM, Washington, D.C. 20548. "GAO-08-402."
Nota di bibliografia	Includes bibliographical references.
Sommario/riassunto	GAO was asked to determine (1) the extent to which selected agencies conducted [nanotechnology] research in fiscal year 2006; (2) the reasonableness of the agencies' and the NNI's processes to identify and prioritize such federal research; and (3) the effectiveness of the agencies' and the NNI's process to coordinate this research.
