

1. Record Nr.	UNINA9910698914403321
Titolo	Which toy for which child [[electronic resource]] : a consumer's guide for selecting suitable toys for children : ages six through twelve
Pubbl/distr/stampa	Washington, DC : , : U.S. Consumer Product Safety Commission, , [1986?]
Descrizione fisica	17 unnumbered pages : digital, PDF file
Altri autori (Persone)	GoodsonBarbara Dillon BronsonMartha
Disciplina	363.19 011.53 640.73 305.23 790.133
Soggetti	Toys - United States Children's paraphernalia Product safety - United States Consumer education - United States Handbooks and manuals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed July 30, 2009). "Pub no. 286." "Developed under contract CPSC-C-85-1089 by Dr. Barbara Goodson ... and Dr. Martha Bronson."

2. Record Nr.	UNINA9910890193403321
Autore	Vaschetto Luis M
Titolo	miRNAs, Human Health and Diseases / / edited by Luis M. Vaschetto
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2024
ISBN	3-031-64788-2
Edizione	[1st ed. 2024.]
Descrizione fisica	1 online resource (381 pages)
Collana	Epigenetics and Human Health, , 2191-2270 ; ; 13
Disciplina	572.865
Soggetti	Epigenetics Genetics Molecular genetics Cancer - Genetic aspects Genetics and Genomics Molecular Genetics Cancer Genetics and Genomics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chapter 1. MiRNomics: An Introduction to MicroRNA Biology -- Chapter 2. MicroRNA Databases -- Chapter 3. Bioinformatics Tools to Study the Role of miRNAs -- MicroRNAs as Promising Therapeutic Targets -- Chapter 4. MicroRNAs as Promising Therapeutic Targets -- Chapter 5. The Interplay Between MicroRNAs and Genetic Diseases -- Chapter 6. Circulating miRNAs as Biomarkers for Early Disease Diagnosis -- Chapter 7. miRNAs as Biomarkers for Neurodegenerative Diseases -- Chapter 8. MicroRNAs and Immune-Related Disorders -- Chapter 9. MicroRNAs and Cardiovascular Diseases -- Chapter 10. miRNAs in Aging -- Chapter 11. MicroRNAs in Viral Infection -- Chapter 12. Inter-Kingdom Signalling: Exploring the Relationships among Microorganisms and microRNAs in Human Health.
Sommario/riassunto	This new volume of the book series Epigenetics and Human Health is dedicated to microRNAs (miRNAs), regulatory non-coding RNAs that have important roles in the control of gene expression both at posttranscriptional and transcriptional levels. Endogenous miRNAs regulate gene expression patterns in a sequence-specific manner. These short sequences may serve as potential therapeutic targets in the

treatment of complex diseases including cancer, cardiovascular diseases, neurocognitive disorders, respiratory diseases and pathogenic infections. Moreover, miRNAs hold promise to be used as extensive diagnostic and prognostic markers of disease. miRNAs, Human Health and Disease is an essential reading for graduate and undergraduate students, researchers, and academics interested in the latest developments on non-coding RNA-mediated pathways associated with health and disease.
