| 1. Record Nr.           | UNINA9910698992703321   |
| Autore                  | Speziale C. G (Charles G.), <1948->   |
| Titolo                  | A critical comparison of turbulence models for homogeneous shear flows in a rotating frame [[electronic resource] /] / Charles G. Speziale, Thomas B. Gatski, N. Mac Giolla Mhuiris |
| Pubbl/distr/stampa      | Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [1989]   |
| Descrizione fisica      | 1 volume  |
| Collana                 | ICASE report ; ; no. 89-43<br>NASA contractor report ; ; 181864   |
| Altri autori (Persone)  | Gatski T. B<br>Mac Giolla Mhuiris<br>Nessan   |
| Soggetti                | Computational fluid dynamics<br>Homogeneous turbulence<br>Shear flow<br>Turbulence models<br>Turbulent flow   |
| Lingua di pubblicazione | Inglese   |
| Formato                 | Materiale a stampa  |
| Livello bibliografico   | Monografia  |
| Note generali           | Title from title screen (viewed June 10, 2009)<br>"Institute for Computer Applications in Science and Engineering."   |
