Titolo	Underground Storage Tank Program [[electronic resource]] : 25 years of protecting our land and water
Pubbl/distr/stampa	Washington, DC : , : United States Environmental Protection Agency, Office of Solid Waste and Emergency Response, , 2009
Descrizione fisica	1 online resource (17 pages) : color illustrations
Soggetti	Underground storage tanks - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on April 14, 2009). "EPA-510-B-09-001." "March 2009."
Sommario/riassunto	This 25th anniversary booklet provides underground storage tank (UST) stakeholders with information about the accomplishments of the tanks program over the past quarter century. EPA and its state, territorial, and tribal partners have worked together and accomplished much to protect our environment from releases at underground tank facilities, such as gas stations. This 20-page booklet includes an overview and discusses inspecting USTs, reusing abandoned gas stations, updating UST regulations, storing new fuels, and greening UST operations and cleanups.
