

1. Record Nr.	UNINA9910699288203321
Autore	Mookerjee Purusottam
Titolo	An investigation of adaptive controllers for helicopter vibration and the development of a new dual controller [[electronic resource] /] / Purusottan Mookerjee, John A. Molusis, Yaakov Bar-Shalom
Pubbl/distr/stampa	Storrs, CT : , : University of Connecticut Moffett Field, Calif. : , : National Aeronautics and Space Administration, Ames Research Center, , [1986]
Descrizione fisica	1 volume
Collana	NASA contractor report ; ; 177377
Altri autori (Persone)	MolusisJohn A Bar-ShalomYaakov
Soggetti	Active control Adaptive control Algorithms Helicopter control Investigation Simulation Vibration damping
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed Nov. 30, 2009). "January 1986." "Prepared for Ames Research Center under contract NAG2-213."
