

1. Record Nr.	UNINA9910699778803321
Autore	Ly Canh
Titolo	Inverse normalized energy based feature using wavelet for trend prognosis on mechanical coupling for the Common Remotely Operated Weapon Station (CROWS) [[electronic resource] /] / by Canh Ly, Andrew Bayba, and Derwin Washington
Pubbl/distr/stampa	Adelphi, MD : , : Army Research Laboratory, , [2010]
Descrizione fisica	1 online resource (iv, 22 pages) : color illustrations
Collana	ARL-TR ; ; 5327
Altri autori (Persone)	BaybaAndrew WashingtonDerwin
Soggetti	System failures (Engineering) - Technological innovations System failures (Engineering) - Research - Mathematical models
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Mar. 8, 2011). "September 2010."
Nota di bibliografia	Includes bibliographical references (page 14).
