

1. Record Nr.	UNINA9910699793103321
Titolo	NASA aerospace flight battery program [[electronic resource]] : generic safety, handling and qualification guidelines for lithium-ion (Li-Ion) batteries ; availability of source materials for lithium-ion (Li-Ion) batteries ; maintaining technical communications related to aerospace batteries (NASA Aerospace Battery Workshop) / / Michelle A. Manzo ... [and others]
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [2010]
Descrizione fisica	1 online resource (94 pages) : illustrations
Collana	NASA/TM- ; ; 2010-216727
Altri autori (Persone)	ManzoMichelle A
Soggetti	Lithium Electric batteries Metal ions Aerospace systems Flight safety
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Jan. 24, 2011). "August 2010." "NESC-RP-08-75."
Nota di bibliografia	Includes bibliographical references (pages 92-93).
