

1. Record Nr.	UNINA9910701156603321
Titolo	Evaluation of aluminum alloy 2050-T84 microstructure and mechanical properties at ambient and cryogenic temperatures [[electronic resource] /] / Robert A. Hafley ... [and others]
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [2011]
Descrizione fisica	1 online resource (viii, 70 pages) : illustrations (chiefly color)
Collana	NASA/TM ; ; 2011-217163
Altri autori (Persone)	HafleyRobert A
Soggetti	Aluminum alloys Compression tests Cryogenic temperature Heavy lift launch vehicles Tensile tests Propellant tanks
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Nov. 28, 2011). "July 2011."
Nota di bibliografia	Includes bibliographical references (pages 16-17).
