

1. Record Nr.	UNINA9910701301503321
Autore	Hartmann Lee <1950->
Titolo	Theoretical studies of chromospheres and winds in cool stars [[electronic resource] ] : semiannual progress report no. 4, 1 April 1985 through 30 September 1985 // Lee Hartmann; prepared for National Aeronautics and Space Administration [by] Smithsonian Institution, Astrophysical Observatory
Pubbl/distr/stampa	Washington, D.C. : , : National Aeronautics and Space Administration Cambridge, Mass. : , : Smithsonian Institution, Astrophysical Observatory, , [1986]
Descrizione fisica	1 online resource (18 unnumbered pages) : illustrations
Collana	NASA-CR ; ; 176524
Soggetti	Radiative transfer Stellar winds Supergiant stars Temperature Wave propagation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Feb. 2, 2012). "January 1986."
Nota di bibliografia	Includes bibliographical references (page [10]).
