

1. Record Nr.	UNINA9910701449703321
Titolo	Design, optimization and evaluation of integrally stiffened Al 7050 panel with curved stiffeners [[electronic resource] /] / Wesley C.H. Slemptowski ... [and others]
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [2011]
Descrizione fisica	1 online resource (39 pages) : illustrations (some color)
Collana	NASA/TP ; ; 2011-217178
Altri autori (Persone)	SlemptowskiWesley C. H
Soggetti	Buckling Finite element method Design optimization Load tests Elastic buckling Wing panels Fixtures Deflection Loads (forces)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Mar. 8, 2012). "September 2011."
Nota di bibliografia	Includes bibliographical references (pages 22-23).
