

1. Record Nr.	UNINA9910701516303321
Autore	Stevens Mark E
Titolo	An investigation into the vertical axis control power requirements for landing VTOL type aircraft onboard non-aviation ships in various sea states [[electronic resource] /] / prepared by Mark E. Stevens, principal investigator, Jan Roskam
Pubbl/distr/stampa	Lawrence, Kansas : , : Flight Research Laboratory, University of Kansas Center for Research, Inc. [Washington, D.C.] : , : [National Aeronautics and Space Administration], , [1985]
Descrizione fisica	1 online resource (xiv, 79 pages, 123 unnumbered pages) : illustrations
Collana	NASA-CR ; ; 176355
Altri autori (Persone)	RoskamJan
Soggetti	Aircraft landing Sea states Ships Simulation Turbulence Vertical takeoff aircraft
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed Mar. 29, 2012). "July 1985." "V/STOL handling and control power requirements." "KU-FRL-623-1."
Nota di bibliografia	Includes bibliographical references (pages 78-79).
