

1. Record Nr.	UNINA9910701779403321
Titolo	Design, optimization, and evaluation of integrally-stiffened AI-2139 panel with curved stiffeners [[electronic resource] /] / David Havens ... [and others]
Pubbl/distr/stampa	Hampton, Va. : , : National Aeronautics and Space Administration, Langley Research Center, , [2011]
Descrizione fisica	1 online resource (43 pages) : color illustrations
Collana	NASA/TM ; ; 2011-217308
Altri autori (Persone)	HavensDavid
Soggetti	Design optimization Load tests Tolerances (mechanics) Panels Stiffening Curvature Loads (forces)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on Mar. 15, 2012). "November 2011."
Nota di bibliografia	Includes bibliographical references (page 28).
