

1. Record Nr.	UNINA9910701852203321
Titolo	Deployable reflector structure [[electronic resource]] : patent application / / inventors, Martin Mikulas, Jr., Charles Hoberman
Pubbl/distr/stampa	[Hampton, Va.] : , : National Aeronautics and Space Administration, Langley Research Center, , [1993]
Edizione	[[Redacted ed.]]
Descrizione fisica	1 online resource (28 unnumbered pages) : illustrations
Collana	NASA case ; ; LAR 14513-1-SB
Altri autori (Persone)	MikulasMartin M HobermanChuck <1956->
Soggetti	Large space structures (Astronautics) - Design and construction Deployment Light (visible radiation) Microwaves Panels Payloads Reflectors Space erectable structures Space shuttles
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen caption (viewed on June 7, 2012). "Serial No.: 08/126, 286." "Filed: 09-23-93."
