

1. Record Nr.	UNINA9910701932103321
Autore	Kim Sang-Wook
Titolo	A critical evaluation of various methods for the analysis of flow-solid interaction in a nest of thin cylinders subjected to cross flows [[electronic resource]] : interim report / / by Sang-Wook Kim
Pubbl/distr/stampa	Marshall Space Flight Center, Ala. : , : NASA-Marshall Space Flight Center, Systems Dynamics Laboratory, Science and Engineering Directorate, , [1987]
Descrizione fisica	1 online resource (viii, 66 pages) : illustrations
Collana	NASA contractor report ; ; 178996
Soggetti	Cross flow Cylindrical bodies Elastoplasticity Liquid-solid interfaces Numerical analysis Turbulent flow
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from title screen (viewed on July 26, 2012). "January 1987."
Nota di bibliografia	Includes bibliographical references (pages 57-65).
